**Brief Details.**

On 11/02/2020 at around 1840hrs, I was driving my malaysia vehicle JTR9191 along PIE towards Tuas. The weather was raining, road was wet and the traffic was heavy.

Due to the traffic heavy, I was travelling at a slow speed and require to stop frequently. As I was travelling at the Paya Lebar Flyover, I slowed down my vehicle as the front vehicle had slow down. However, I felt an impact coming from the rear. The impact was moderate, my head hit onto the right windscreen due to the impact.

After the incident, I stopped my vehicle to make a check. The rear vehicle GBD9131B had hit onto the rear of my vehicle. The driver was unhappy with the issue and blame me for performing sudden brake on my vehicle.

I explained the situation to the driver, we took photo of the incident and exchange particular before leaving the scene. I felt pain the right side of my head, I went to see a doctor and was given 2 days MC.
