Brief Details.

On 29/03/2021 around 1330hrs, I was driving my vehicle GY1762M, along Havelock Road.

I was approaching the junction of New Market Road and was slowing down when suddenly a Black Mazda Car SMR3326S from the right lane, made a sudden left lane change into my lane. It happened too quick and the front left bumper of the car collided onto the front right bumper of my vehicle.

Due to the impact of the collision and the wet road condition I made an emergency brake but the rear tyre of my vehicle vehicle and came to a stop on a slanted position. Both the driver and I came out. No one was injured during the accident. The driver refused to provide his particulars but instead his passenger was the one that gave her licence instead.

I have already lodged an insurance report with regards to this and was advised to lodge a traffic report as well.
