Sketch Plan

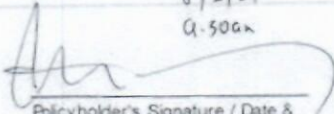

Describe Circumstances of the Accident

I was travelling down Holland Road, heading towards Orchard. I took the outer left lane with the intention of turning left to Chung Road. Holland Road is a three lane road at the location of the accident. The middle and outer right lane were filled with vehicles and all stationary because of a red light ahead. The outer left lane I was travelling on was clear and I was travelling at roughly 30-35km/h in view of many vehicles being stationary on the road.

Suddenly one of the vehicles at the middle lane reversed out of his lane to cut into my lane without warning. Naturally the side of his vehicle collided into the front right side of my vehicle and nudged my whole car to the left and my car ~~drifted~~ went onto the side walk on the left hand side.

Declaration

We declare the foregoing particulars are true in every respect.
