Brief Details.

On 03/04/2021 at about 6.50pm, I was at the United Square Carpark, I was driving up the ramp to Level 2A when a vehicle EH9217G was driving down the slope to Level 2. The car were too close to my car and the car hit onto my rear right side light. As such my husband went down of the vehicle and wanted to stop the other car. However the car drove off. We tried to look for the car but to no avail. There is no one injured however there were damages to my car such as, my rear right light has scratches, and my right side of the car is dented. However I found broken piece of car light on the ramp where the incident happened which I believed that it is belongs to him.
