Brief Details.

On 05/04/2021 at about 1445hrs, I was driving my vehicle (SFB3280G) along Newton Road. It was raining heavily that day. I then filter to the left lane, suddenly a vehicle sounded horn from the rear. I did not hear any sound of impact and did not felt anything unusual and gesture to the driver as apology and continue driving.

I checked my vehicle and I did not observe any damage to my vehicle. I wish to state that I am not aware of what happen that day.

I am lodging this report as I received a letter from traffic police vide: TP/IP/17643/2021.

Do take note that there are no damages on my car and have no idea why a hit and run was reported.

Feel free to call me at +6594307757 (Mdm ten) if you have further questions.
