Brief Details.

On 05/04/2021 at about 2340hrs, I was driving my vehicle bearing the registration plate SLH4123T along Corporation road towards Jurong Port Road. At the material time, I was travelling towards Penjuru, performing a Grabfood delivery. While I was approaching the traffic light cross junction along Corporation Road, as the traffic light is still green, I had my right of way thus I continued driving straight. However out of a sudden, at the opposite direction, a van bearing the registration plate GBH101B turned right. I tried to brake however it was too late and the frontal side of my vehicle collided into the body of the van.

After the collision, the driver of the said van helped me out of the vehicle and at the point of time I was still conscious however was in a lot of pain. I was subsequently being conveyed to National University of Hospital by ambulance. Traffic Police arrived at scene as well. I was being treated at the hospital on 02/04/2021 and then discharged on 05/04/2021 with 17 days of MC. I sustained bruises on my left shoulder, right leg and on the neck area, as well as lacerations on both of my arms.

The frontal part of my vehicle was seriously damaged. There is a working in car camera Inside my vehicle which is with my car rental company now as my vehicle was being towed on the day of incident. IO Adelina, HP: 97556507 from Traffic Police had contacted me when I discharged to ask me to lodge a police report.
