Brief Details.

On 10/01/2021 at about 0640hrs, I had driven my car SMR2248R together with my wife (Chua Xiaowei Tamy, S8008996A, HP: 90619811) and my son and I was driving along Keppel Road towards West Coast Highway. I was on the third lane and I was driving at the speed of around 60km/h. While driving, I could see from far that the approaching traffic light was green. When I was approaching the traffic junction which was near to PSA Keppel Entrance building, one motorcycle came out from the left side and as a result, the front of my vehicle had collided on to the motorcycle's right side causing the rider to hit on to my vehicle bonnet and roll down to the road.

I then came out of my car to check on the rider and I called for the ambulance and the police. The rider was still conscious however I did not get his name or his particulars as he was conveyed by ambulance shortly after. I made a check on my in-car camera footage and it had captured the accident.

After a while, traffic police officers came to my accident location. They had given me a white case card with the report number and advised me to lodge a report. I have also sent a copy of the accident footage to the traffic police.

As a result of the accident, the front bumper of my car is loose and headlights are damaged.

The traffic police officer have also informed me that the Investigation Officer from TP is Daniel.
