Brief Details.

On the 18/04/2021 at about 1100hrs, I was driving my car bearing plate number "SKR7576J" along Seletar Hills Drive. I made a stop at the stop line of Jalan Selaseh near Jalan Selaseh Playground before heading straight towards Seletar Hills Drive. As I saw no vehicles approaching, I drove off the stop line and as I was driving pass the clear road, my father at the rear seat told me that there is a oncoming car approaching towards our direction at a high speed. Before I could react, the car bearing plate number "SMR703G" had collided onto my car.

There were a lot of witness at the incident and some of them had already informed the ambulance. As the paramedics arrived, they made a check on my family and on the driver of "SMR703G". They informed that everyone is in good condition and did no one was being conveyed. The Traffic Police then arrived at scene, the officers then took down both the driver's particulars and advised us to lodge a police report for insurance claim purposes as no one was seriously injured. However I did not receive any case card for this accident. And there were a total of 2 Airbags being deployed from my car.

The damages on my car bearing plate number "SKR7576J" is as follows: On the left side, the 2 tyres front and rear were broken and punctured. On the right side, both my driver's and passenger's door was seriously damaged and it is not in working condition anymore.

The damages on the other car bearing plate number "SMR703G" is as follows: Minor dents and paint scratches on the front left bumper.

CONTINUATION OF REPORT

The tow department of Volkswagen then came to tow away my car for servicing as it was damaged and the car was not in driving condition any more. As the Volkswagen workshop is closed for today, they would be assessing my car on the next working day. Therefore I am not sure of the repair fees.

I wish to state that as I sustained minor injuries such as sprains and muscle pains at the right shoulder and along my right elbow area. I then consulted the a doctor from Pheonix Medical Group Pte Ltd on the same day dated on the 18/04/2021. I then obtained a 3-day MC from the clinic. On my passenger seats which consisted my Father and my Son, did not sustain any injuries. Therefore they did not require any medical consultation. I also have a Car Dash Cam located at the front interior of my car. I have the SD card under my safe keeping for record purposes and I am lodging this report for insurance claim purposes.
