Brief Details.

On 10/04/21 at about 1545hrs, I was driving (SJZ9868Z) along Bedok Road towards Upper Changi East. I was on my lane about to turn right towards Upper Changi East. While I was turning, this vehicle (SMV9852D) did not keep to his lane and as such, he collided on to the right side of my vehicle.

Upon collision, both parties came out of the vehicles to take photos and also to exchange particulars. No police or ambulance assistance were needed. We then proceeded on with our journey. I wish to state that my car camera has captured the accident scene.

On 09/04/21, I felt pain at my neck and the left side of my back. As such, I went to Mount Alvernia Hospital and was given 5 days of MC.

I am lodging this report for police investigation purposes .

Describe Circumstances of the Accident

On 15 April 2021 at about 4.20pm, I was travelling from PIE into EJE. At point EJE, there was a jam getting into EJE from either lane. All cars stopped. I stopped before GBE 5708C. There was about 4m space in between.

All of sudden, vehicle SMS 883P hit my vehicle from behind. It caused my vehicle to surge forward to hit GBE 5708C also. We came out of vehicle to inspect and take photo.

I have submitted video evidence of both front and rear videos showing my car was stationary when hit by SMS 883P and then it surged forward as a result to hit GBE 5708C.

Photos also submitted as evidence.
