Dear Officer,

RE: ACCIDENT INVOLVING OUR VEHICLES NOS. GBD3406Z AND YN771M ON 15 MAY 2021
ALONG WOODLANDS AVENUE 7

Policy: DWCVSNW00083762000

Since there was a car accident at the time, I had an employee injured. We settle with the employee first, and then I took the company driver to the do the report, and then we have been waiting for the reply from the traffic police, but the traffic police has always said that it is necessary to investigate and they have not been able to give the correct information; and we have felt that our side is right, so we never thought about claiming our own insurance.

Then, unfortunately, I happened to be exposed to Covid-19 patients, so I could only self-quarantine at home for 14 days. It was only these two days that I had time to settle with this matter.

But this matter has never been resolved. Our company currently needs to use a car to deliver goods, so we only can go to the Car Garage to ask what should we do. The person in the garage suggested that we can claim our insurance first, and wait until the judgment is over claim back to the other third-party's insurance company; so we can only write to you to request claim our own insurance first. Please accept our request.

Thank for the kind of attention.

Your faithfully,

HAR
