Brief details.

Our car was parked at Sengkang BLK 102A carpark SK4 in a season lot at level 1B. Vehicle number SMM6283M. The last time we drove the car was on Tue, 18 May 2021. After parking there at 3 plus in the afternoon, we never used it until yesterday evening, 27 May. My husband went to start the engine at 6 plus in the evening. As he approached the car, he noticed it was shifted slightly, then he saw the front right of the bonnet was badly damaged. The light and sensor are not working anymore. He drove the car to another more secluded lot before taking pics of the damage.

CONTINUATION OF REPORT

Report No. F/20210528/7010

No notes were found. He even went around to see if any car had damages that might have caused our car's damage, but couldn't see any. I called HDB branch to check if there are any camera footages that could help us identify the culprit but was asked to make a police report.

I have pics but not able to upload them at all. It just hangs there when I tried to upload. I tried several times already.
