Brief Details.

On 07/04/21 at about 1800hrs, I parked my car at an open space carpark in front of Blk 765 Yishun. Unsure of the lot number but it is beside the handicap lot. It is a normal practice for me to park at that vicinity.

Later at about 1925hr, a neighbour of mine provided his phone number/81331389 to my maid and request that I call him. As such on 1928hrs when I called, he asked if SLP155K is my car and I said yes. He added that he witnessed a black wagon had collided against the front left side of my car when reversing and subsequently just left. It happened a few minutes before I called him. I do not know his name.

Shortly afterwards I went down to make a check and discovered damages on the front left side (bonnet and headlight) of my car. There was no note or messages left behind. I am lodging this report as it is a hit and run. I have an in-car camera installed at the front and I believe it captured the incident.
