CONTINUATION OF REPORT

Brief Details.

I am the vehicle owner of vehicle SMR7746L. On 29/05/2021 at about 1730hrs, I was informed by my neighbor that my vehicle which was parked at lot number 87 had been hit by another vehicle. I went down made a check and discovered that the left side of my vehicle had been damaged and the front door have been dented in totally.

I met another neighbor who was beside my vehicle and he wanted to leave a note on my vehicle as his vehicle had also been hit by the same lorry bearing vehicle registration plate number YQ2549K. We found this out after seeing the video footage of the other car which had been hit. We then exchanged contact details. I do not know the vehicle registration plate number of my neighbor's vehicle. My neighbor then shared the video footage of his in car camera with me.

I have yet to retrieve the video footage of my in car camera as I do not have the cable at the time of this report however I will purchase the necessary equipment after lodging this report.
