Brief Details.

15/06/2021 at about 1800hrs, I was driving my vehicle SGN3468H along New Upper Changi Road on the extreme right lane. Suddenly, One vehicle, SMX342M was making a U-turn from another side and suddenly collided onto the front right bumper of my vehicle. Due the impact my vehicle swirl to the extreme left and hit onto the railing. The incident took place at U-Turn point before Tanah Merah MRT.

After which, Traffic police and Ambulance came. I felt pain on my upper back and I was conveyed to Changi General Hospital. I was given 06 days of MC.

I wish to add during the accident, I hit my head onto the rear view mirror. I also wish to add on that I have an in-car camera. However, I do not know whether did it capture the accident. Traffic police that attended to me also took my vehicle in-car-camera.
