Brief Details.

On the 23 June 2021 at about 1745hrs, I was driving along AYE expressway. As I was driving, there was a chain collision involving 3 vehicles in front of me. I immediately jammed break to avoid getting into the collision with the other 3 vehicles, however, the vehicle (SLF732Y) behind me could not stop in time and as a result, his front collided with my vehicle's rear bumper. I have an in-car camera at the back of my vehicle which was recording during the time of the accident.

There were no injuries sustained from the other driver and me. We exchanged particulars and left the scene.
