Morning Priscilla,

We refer to your email dated 17 Aug 2021.

Kindly be informed that my boss have meet up with Mr Audre on 18 Aug 2021 regarding the dismantled parts.
Understand

from your surveyor Mr Steve Chen he did not inform the agent to dismantle after the surveyor. He have retuned the items to us but we won't know whether the parts is belong to the car. He have promise that should there be any problem to the car they will replace for us. Last evening they have arranged to towed back the car from our workshop due to the car can't be start.

We will keep you update again.

Best Regards,
Yew Hock Motor
