#### Valuable and COOL SUV

Have been driving the Q3 Sport back for the past 2 months, like the look so far but need a 19 to 20 inch RIM to bump up the ride :) So far the only complain is during pick up where sometimes during gear change from 1 to 3, can feel the jerking and RPM ramping up before changing to gear 3. #### One of the best buys - most value for money with Audi brand

From the day this car was launched I fell in love with its looks. Even though the advertisements and car brochure shows much bigger wheel rims of 19 or 20 inches, when I saw it in the premium auto showroom with 17 inches, I wasn't disappointed. #### One of the better looking crossover

My review after owning it for about 2 weeks (around 800km) Previously was driving an estima Drive is decent and comfortable The interior of this new generation of Audi is easy to use and integrate well into the car. Overall a good bang for bucks, more good looking that both the X1 and GLA180, yet cheaper and comes with almost full spec.
