Brief Details.

On the 27/08/2021 at about 2315hrs, while I was on my way home travelling along Sengkang East Avenue driving my vehicle bearing plate number SGU7451S on a two lane road. My vehicle was position on the right lane of the two lane road. The speed that I was travelling is according to the road speed limit of 50-60km/hr. Suddenly as my vehicle was still travelling forward, a "Comfort Delgro" taxi bearing plate number SHD3480L made a right turn from the opposite lane without giving way. Hence my front portion of my car collided onto the left rear side of the door/wheel area. During the impact, I encountered a whiplash and also contusion on my left shin area. Both me and the taxi driver manage to get out from our vehicle and the driver admitted his fault. We decided to exchange particulars and I drafted a statement of the accident stating that he was at fault during the accident. The taxi driver sign on the statement paper.

On the 27/08/2021 I drove and decided to make a check on my pain and doctor gave me 3 days of MC. There is no fracture or anything serious as for now. There is no other vehicle involved or any government property damage.
