No. of Days granted Medical Leave	09	Degree of Injury	Serious

Brief Details.

On 29/08/2021 at about 1515hrs, I am driving vehicle bearing SMN 4627M from Serangoon Gardens to Lorong Chuan (Caltex) when I had an accident with a van bearing GBL 5138S. At the point in time, the road is wet but it is not raining. As i was turning to Lorong Chuan (Caltex), I had already keep right and signal right to turn into the petrol station, a van suddenly knocked onto the rear of my vehicle. The traffic was quite heavy at that time. The traffic was not controlled.

After the accident, I went out of the vehicle and made a check on the vehicle and realized that there was a quite a huge dent on the rear of my vehicle. I am a grab driver. There wasn't any passenger inside my vehicle. The van had one passenger with him. After the accident, I only managed to get his contact number. The driver of the van was not injured from the accident. There was no traffic police or ambulance at the accident location. There is one in-car camera inside my vehicle that may have captured what happened.

On 29/08/2021 at about 1900hrs, I went to Sengkang General Hospital to seek medical treatment. I have a medical certificate of nine days from 29/08/2021 to 06/09/2021 inclusively. The injuries sustained are cx cervical, lumbar spine contusion and hip pain.

I have already informed Grab about this matter and they informed me to lodged a police report with regards to this matter.
