**Brief Details.**

on 28/08/2021 at 1925hrs, I was travelling along Bukit Timah road(SLV6417J) and turned left towards road merging to CTE when vehicle (SML528C) suddenly stopped right before the merging to CTE. I could not stop in time and as such, bang the right rear of his vehicle which cause the rear bumper to be dislodged. There was one passenger in the vehicle as it was a private hire car and the driver (Tan Kuan Liang) informed me that he will be claiming insurance regarding the accident. There was no ambulance needed at that point of time as I checked that everyone was okay and only the passenger informed that the accident caused her head to move forward and dented her glasses. No Traffic police attended to the incident.

I wish to state that this is the first time it has happened. I was not injured from the incident as I was travelling at low speed. I am not sure whether the passenger have worn a seatbelt at the point of accident. I was only informed that the passenger was issued a 3 day medical certificate today and was advised to lodged a report for insurance claims.
