Brief Details.

On the stated date and time, I was driving my vehicle SGY4672U along the second lane of AYE towards CTE before Alexandra exit when I saw a vehicle self skidded and collide into the road divider on lane one. As I was moving slowly to avoid any collision to my vehicle.

Suddenly I felt a big impact from the right portion of my vehicle forcing my vehicle to surge to lane three. Then I manage to turn back my vehicle back to lane two.

I looked to my right and the only vehicle was a black Volvo XC90 bearing SKB7122P.

SKB7122P did not stop and instead sped off.

As I was still in shock due to the collision I didnt give chase and called for assistance.

My vehicle shook violently and the impact caused my right elbow to knock against the hand rest of my driver's door.

Later the same evening, I started feeling soreness and stiffness over my neck and back on top of the pain in my right elbow.

The pain did not go away and as such, on 03/09/2021, I proceeded to my family doctor at Unihealth 24-Hr Clinic Jurong East for treatment.

I was given 3 days MC.
