**Brief Details.**

On 03/09/2021 at 1640hrs, I was travelling (SMS2973A) along PIE towards Changi before Jin Anak Bukit Flyover at 26.4km mark. I was travelling on the first lane. At the point of time, the traffic volume was heavy.

While I was driving, front vehicle (SJP82K) slow down and came to a stop. As such, I also slowed down and stopped. Suddenly, I felt a collision from the rear and my vehicle's air bag has been deployed. At the point of time, I was in a dazed. After a while, I alighted from my vehicle to make a check. I realised that there is a vehicle (SMC4049P) had hit onto my vehicle's rear. Due to the impact, my vehicle moved forward and hit onto SJP82K. Traffic Police and ambulance was activated.

The ambulance has conveyed the driver and all the passenger from SMC4049P to the hospital. After the accident, I felt pain on my forehead, my right arm area, and my back. I will be seeking medical attention later. After the accident occurred, there is a vehicle (SMJ882L) stop in front of the accident. There are two male subjects alighted and claimed to from the law firm. They kept asking around whether the drivers and me required any assistance. They waited for a while and before the traffic police arrived, they left.

My vehicle has an in-car camera which capture the incident. The traffic police have taken my SD card from my in-car camera. I did exchange particulars with the drivers.
