Brief Details.

On 30/08/2021 at about 0200hrs, I was driving my car (dark blue Mercedes Benz, vehicle registration number SKT5212L) with my friend. I was travelling along PIE towards Tuas. I then took the slip road Exit 24 to travel onto BKE via Chantek Flyover.

It was a three lane road and I was on the middle lane. When I was driving near the second bend, I suddenly felt a collision from the right rear of my car. My car swerved to the left lane and the left side of my car collided into the wall. My car came to a stop.

I realised a van (white Toyota, , vehicle registration number GBF4469A) had collided into my car and swerved to the right lane. The driver tried to gain control of the vehicle but eventually overturned and the van was lying on its left side.

My friend was seated next to me on the left passenger seat. We both were still conscious and did not sustain any injury. I sustained an abrasion on my neck area. I immediately called for the Police, ambulance and LTA. I alighted from the vehicle and made a check on the van driver. The van driver managed to come out of his van but had sustained some injuries. He was still conscious. I took photographs of the accident scene and exchanged particulars with the van driver. He also gave me his wife's contact (HP: 97690913).

Shortly, TP and the ambulance arrived at scene. TP officer took my statement, issued me a case card (TP IO Zickie, Tel: 65476904) and advised me to lodge a Traffic Accident report. The van driver was then conveyed by the ambulance.

Due to the accident, the right rear part of my car sustained scratches and dents, the left part of my car sustained scratches and dents, the front left part of my car was dented in, and the front windscreen was cracked.

I do not have any camera installed in my car. I noticed that there were camera on the lampposts nearby (LP no: 1171S17F and 2S10F). Subsequently, EMAS towed both vehicles away. I was issued a vehicle removal record LTA form.
