Brief Details.

On 6/9/2021 at about 1740hours, I was driving my rental car (SLR4129A) along Whitley Road towards Bukit Timah. Due to red light, I had stopped on the junction of Whitley and Bukit Timah Road as I wanted to turn right into Bukit Timah Road. I was the first car on lane 2 which is a sharing lane (Straight and right turn). When the traffic light turned green, I moved off and turned right into Bukit Timah Road. While doing so, I felt an impact on the right side of my vehicle. I then looked at my right-side mirror and saw a red car had hit my vehicle. As I do not want to block the traffic, I continued my turn into Bukit Timah Road and stopped about 50m away. I thought the red car followed however it did not. The red car u-turned back to Whitley road. I waited for the red car for a few minutes as it was heavy traffic however it did not turn up as such I left.

My car has front incar camera however it did not manage to capture the details of the red car. There are damages on my right rear door due to the accident.
