Dear Hsiao Tong,

We may try to reject TP claim supporting with the rear view AVF however, I anticipate TP workshop may maintain on 50/50 as both vehicles were changing lane moments before the accident.

Fyi, his OD claim get partial excess waiver as our liability assessment is at 50/50.

Kind Regards,
Saliha

Hi Saliha,

We refer to the above matter.

Please be informed that we have advised insured that it is a 50/50 case as both parties were changing lane and should exercise caution. However, insured is of the view that he had already changed to the 2nd lane before third party filtered into the lane. Third party should be more liable for this accident. He would like to know AIG views/position on this matter.

Kindly let us have your comments in order for us to get back to insured.

Thank you.
