Hi Saliha,

We refer to the above matter.

Please be informed that we have advised insured that it is a 50/50 case as both parties were changing lane and should exercise caution. However, insured is of the view that he had already changed to the 2nd lane before third party filtered into the lane. Third party should be more liable for this accident. He would like to know AIG views/position on this matter.

Kindly let us have your comments in order for us to get back to insured.

Thank you.

Note: We are on work from home arrangement. All correspondence should be made via email. Submission of claim related documents will be in softcopy. Any inconvenience caused is much regretted.

Best Regards,
