Brief Details.

On 19/10/2015 at about 1415hrs. I was driving my lorry with a trailer attached to it (T/WC 1761) along west coast highway. I was driving on the extreme left lane and stopped at the main road near the wholesale market entry. I turned on my hazard light and alighted from my vehicle to ask for directions as it was my first time at pasir panjang area.

While I was asking for directions, I heard a loud bang 5 mins later coming from my vehicle on my back. When I turned around, I saw a white Mitsubishi futso lorry (YM4716C) had already collided with my trailer's container rear right bumper and my right rear tyre. The said vehicle which collided onto my vehicle had bad damages on the front part of the lorry. However, no one was injured in the accident.

Shortly, the traffic police arrived at scene and advised both of us to lodge a accident report. I then left the scene.

Brief Details.

On 19 Oct 2015 at about 1418hrs, I was driving (YM4716C) along west coast highway on lane 3 when I met with an accident. I was driving when suddenly the vehicle in front of me (BJN880) pressed the brake. I tried to avoid it by pressing my brake but could not stop in time. I then tried to turn right going to lane 2 to avoid a collision but could not make it. My front left had hit onto his rear right.

After the accident, both of the vehicle remained on the spot. A passerby had called for police and soon traffic police came. The traffic police gave me a case card and ask me to lodge a police report.

I am unhurt and not injured. The other driver also is unhurt. My lorry had to be towed away but the other vehicle drove away. Damage done to my vehicle is dents and scratches in my front left side. The other vehicle also suffered scratches and dents on the rear right.
