Brief details.

On the stated date and time, I was driving my vehicle SGA6787K along PIE(Tuas) slip road towards Tuas Road.

My wife Kek Loo Ghuat was my front passenger and both of us are wearing our safety belts.

I was travelling straight along the middle of 3 lanes of the roundabout below Tuas Flyover and had exited

the roundabout via exit towards Gul Circle.

Suddenly, I felt a huge impact from my left causing my vehicle to rock sideways violently.

The unexpected impact caused me to knock my left knee against the centre console of my vehicle while my wife knocked her left elbow against the front passenger door.

I looked to my left to realise that YJ9044R, which was on the extreme left lane of the roundabout had hit onto my vehicle.

I pulled over at a side road after exiting the roundabout along Tuas Road expecting the driver of YJ9044R to stop. However, said vehicle drove off after I stopped my vehicle.

I waited in the hopes that the errant driver would come back but to no avail.

After about 5 mins I left.

Later the same afternoon, my wife and I started experiencing stiffness over our neck and back areas as well as pain over the areas we suffered knocks.

Our neck and back areas got increasingly sore and as such, we proceeded to our family doctor at Unihealth 24-Hr Clinic Jurong East for treatment the same evening.
