Describe Circumstances of the Accident

On the stated date and time, I was travelling on my lane along the stated Venue. As the traffic light turned green, front vehicle (Vehicle C) proceeded to turn left and I followed to move too. Due to some pedestrians crossing the road, front vehicle (Vehicle C) stopped and I followed to stop too. When both my vehicle and the front vehicle (Vehicle C) were stationary, suddenly vehicle B could not stop in time and collided to the rear of my vehicle and the big impact of the collision, causing my vehicle to move forward and collided onto the rear of front vehicle (Vehicle C). I wish to state again that both vehicles (my vehicle and vehicle C) were already stationary before the collision happened.
