Brief Details.

On 04/09/2021 at about 1925hrs, I was driving along Tampines Street 45 turning into the carpark towards block 488B. As I saw a vehicle attempting to come out of the carpark, I decided to give way as my vehicle is a long vehicle and could not turn if the vehicle is still there. I then signal the driver that the way is clear and he could go ahead and make a right turn. The driver then drove slowly as he wants to avoid an accident. A motorbike suddenly cross over the continuous white line going against traffic and attempted to cross over the junction. The vehicle attempting to make the right turn then tried to stop but could not avoid collision with the rider. The rider then knocked onto the vehicle. The driver immediately came down of the vehicle and made a check on the rider. Afterwards, Ambulance and Traffic Police was called and conveyed the rider due to his injuries. I do not have a dashboard camera and am not sure if there are CCTVs around the area.
