Brief Details.

On 16/10/2021 at about 1840hrs, I was driving my vehicle GBK9499D along Eunos Road at the first lane heading towards PIE (Changi Airport). At that point of time, there was a heavy traffic jam. Due to the traffic light being red, I stopped my vehicle. Out of a sudden, I felt an impact coming from the back of the vehicle. I had 2 passengers, my daughter and son. I got out of my vehicle and discovered that a vehicle SMP8086L had collided onto the back of my vehicle. I then exchanged particulars with the driver of the other vehicle. Due to the accident, there was a dent at the back of my vehicle. At that point of time, I checked on my children and thought that we did not require any medical assistance.

On 18/10/2021 as I was making my way to work, I felt pain coming from the back of my body. Thus I decided to go to a clinic to make a check. I also brought my daughter and son along to the clinic. The doctor made a check on us and we were given 2 days of MC.
