Brief Details.

On the above mentioned date, time and location, I was driving working as a Grab Driver and I had one passenger with me at the back seat. I was driving SNA9274X, a Honda Vezel along the slip road from PIE into Paya Lebar Road. I was trying to make a left turn into Paya Lebar Road however there is ongoing traffic along Paya Lebar Road towards Paya Lebar Square. Hence I stop and waited for the traffic to clear up. Suddenly a lorry, GBL2158D collided to the rear of my car. I alighted my car and we exchanged particulars. The driver of the lorry is Ng Lek Seng and he informed that he assumed that I am moving forward already as he thinks that the traffic has cleared up he went forward. The lorry had 4 passengers onboard and my car has a passenger. None of them, as well as the driver of the lorry were injured. However I felt a pain at the arm joint between my left shoulder and left arm and left lower back. I went to Mount Alvernia A&E and received a 7 days MC from 20/10/2021 to 26/10/2021. My car boot was dented inwards after the incident while the lorry did not sustain any visible damage.
