Hi,

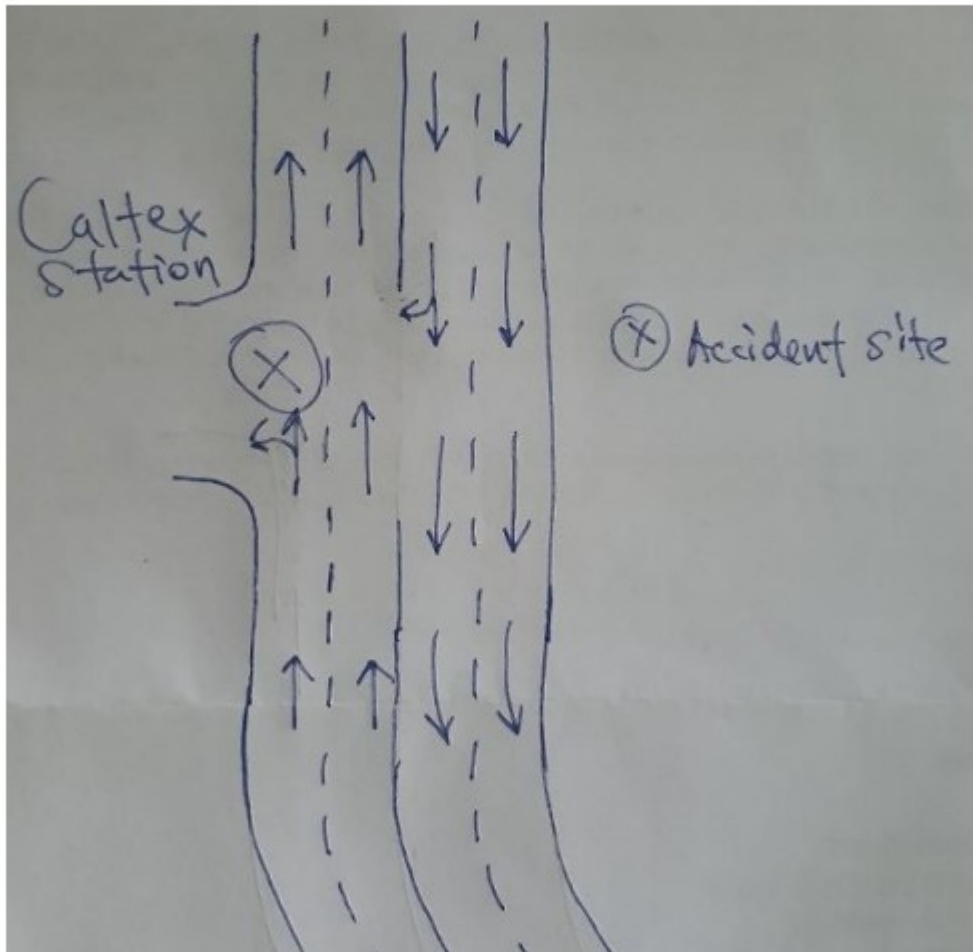

Our insured had reported the accident. Attached is a copy for your easy reference.
Based on accident report, liability is in your client's favour.

On the above mentioned date

time and location

I was driving along Jurong West Street 93. When I was about to make a right turn into Caltex petrol station

a red motorcycle bearing number (FBQ4145B) hit onto my left rear bumper of my vehicle. My car suffered slight damage on the left bumper and the motorcycle suffered damage on the front side of his bike. I did not have any injuries but the rider sustained abrasions and cut on the left forearm. Particulars for both parties were exchanged. I have in-car camera footage of the incident. I wish to state I am lodging this report as I am unsure what might happen.

"Kindly note that this negotiation between parties on this matter is purely on a without prejudice basis with the sole intention of resolving the matter amicably without parties resorting to legal proceedings. No admission of liability, whatsoever, should be deemed / inferred from this negotiation of terms/settlement.

In the event of new evidence being discovered or subsequently produced by either party that will materially affect/influence on the issues of liability/damages, either party is not bound, thereafter, by the negotiation terms/settlement."
