Brief Details.

On 22/10/2021 at about 1932hrs, I was travelling along Pan-Island Expressway towards Changi direction, on lane 1 of the 4 lane road. As I was near the Jalan Eunos Exit, I tapped on my brake smoothly as I approached the slightly congested traffic and thereafter, came to a complete stop.

Suddenly within seconds, I felt an impact from my rear and as such, I came down to make a check and discovered that it was a chain collision involving 3 other vehicles behind me. As no one required any immediate medical attention, I proceeded to take photos of the accident and exchanged particulars with the drivers involved. Afterwhich, I proceeded on with my journey as I still have passenger onboard. Both of my passengers are not injured. There is in-car camera on my vehicle.

I do not have the particulars of my passengers however, the Grab Company should have the details of the passenger who booked my service.
