Report of an Accident Occurred on 31 October 2021 at about 3.30pm

I was driving away from Changi airport at around 3.15 pm and while I was near the split ways to ECP (City) and TPE (SLE) I drove up the first lane of the ramp road to TPE (SLE), and at about 5-10 meter after I drove up the ramp road I wished to slow down my car (as the road was wet after rain stopped), however, while I gradually pressed down the brake paddle the car suddenly skidded to the right and hit the steel road-edge divider. As there was traffic around the vicinity I was unable to stop the car but to continue drove slowly down the ramp road and stopped at road shoulder at somewhere around 200 meter from place of hitting the said road divider. I observed that the right front part of my car and right side bumper were damaged. Thereafter, I slowly drove the car to the car repair workshop at Precise Auto at Kaki Bukit Area. Nobody or other vehicles were involved in such accident.

It's been observed that only slight scratches and little bend were found on the affected short stretch of road divider which can be seen from the photos attached.
