POLICE REPORT (NP299)

CONTINUATION OF REPORT

Report No. E/20211103/7004

in, the car behind me, also cut into the lane and sped up very fast. After hitting me, he still didn't stop the car, which forced my van to skid, spin around and flip over like the police action "P.I.T. manoeuvre". My van literally flipped until I was hanging upside down. As I felt a sharp pain on my head, shoulder, face and chest, I just unbuckled myself to fall down into the roof of my van. 3-4 people helped my out of the van, and as they were helping me towards the roadside, a guy was standing in front of me, and all I remembered hearing was "What?", and as a reflex and as I was still in a state of daze and confusion, I pushed his face away from me. I can't remember much else as after that I was carried away to the side of the road until the police and paramedics came.

At that time, I felt like the other driver was trying to kill me. It is evident that he DID NOT brake after hitting me from the back and side, and continued to ram into my van with utmost rage. I'm lucky be alive.

I was then conveyed to NUH for treatment. I am writing this report for insurance claims against the other driver. I am still in a daze and my entire body is in a lot of pain.

I have no idea why the other driver tried to kill me, or at least harm me with his motorcar.
