Brief Details.

On 19/11/2021, around 0845hrs, I was driving my car (SJH5714E) on the centre lane along Tampines Expressway towards Upper Changi Road East. I was at the junction, about to make a right turn onto Upper Changi Road East when a van (GBL240L) suddenly continued straight even though it was on the right-turn only lane on my right. As such, the front of the van hit onto the right side of my car causing my car to spin out of control. However, as I was going at a relatively slow speed, I managed to regain control of my car and stop it.

After the collision, the van driver stopped his vehicle as well as got out to make a check on me. As neither of us seemed to be injured because of the collision, we exchanged our particulars and drove our vehicles away.

I wish to state that I did not sustain any injuries due to the collision. My car, however, is seriously damaged, where the right side is completely dented. I also wish to add that there is an in-car camera in both the front and rear of my car, which had captured the incident.
