### Brief Details.

#### Description:

I was driving on the overtaking/1st lane along PIE towards Tuas. The traffic at that time is moderate. There was ample of space in between my vehicle and the vehicle in front of me. It was near CTE towards SLE exit when a car from the 2nd lane made an abrupt change towards my lane from the 2nd lane. While doing so he seem to be making an emergency brake in which the distance between my car was not able to stop in time. Causing me to hit his rear. I lost consciousness upon impact, when i came around i realise that my air bag have been deployed and my car was smoking. A few minutes later a private medic attended to me saying that i was involved in a chain accident. that's when force myself to look around and saw that another vehicle have hit me from behind. The driver of the vehicle I hit then approach me explaining that the car in front of him had made a emergency brake as well causing him to brake abruptly and while doing so he check on me to ensure if I was hurt.

I have submitted my dashcam MicroSD card to the TP officer attending the incident.
