## Brief Details.

Mandai Road towards woodland Road. Before Traffic junction near Singapore zoo. On 04/09/2021 at about 4.35pm

3 Lane Road. I was riding motorbike Fbg899m on the middle lane of the three lane road at about 70-80km/h when I saw the SAF land rover vehicle coming along from the opposite Road and lining across the U-turn pocket. The vehicle came to a quick stop momentarily suggesting that it was coming to a stop to check for traffic however immediately proceeded to execute the U-turn despite approaching vehicles including mine thus failing to stop and check to wait for clear traffic.

The SAF vehicle failed to keep his U-turn to the first lane and made a wide turn cutting across into the middle lane (2nd lane) where I was approaching despite it being a wide road u-turn. The vehicle cut across and came right in front of my path and despite me applying my horn and trying to steer away I clearly saw the SAF vehicle applying a sudden brake (clearly noticed brake light lit up) upon completing the U Turn. The sudden cutting across and applying a brake right in front of my approaching bike gave me no time, space or opportunity to react or steer away without colliding to the back of the SAF vehicle.

I was immediately flung off my motorbike towards the right and fell to the floor. I then managed to sit up and realised I had sustained injuries. On closer check I realised I have a bone injury on my wrist.

Ambulance and Traffic police arrived at scene. I was conveyed to Khoo Teck Puat Hospital. I was informed I have suffered multiple fracture to my right wrist and require surgery on 14 September 2021. I was given 14 days medical leave from 4 September 2021 to 17 September 2021

The SAF vehicle was a P-plate driver and had completely disregarded the minimum safety check of clear traffic before executing a u- turn. This unfortunate act had caused such terrible accident. I really hope proper investigation is conducted into these matter.

<p>I TXXXX518E CPL 400 KAI SNA driving our 34007 MEO on 040921 at around 1635 hours at Mandal Rd towards BKE I had an accident with two motorcyclists FBG899M and FBG2977X I was attempting a u turn into the middle lane when my vehicle felt an impact from the rear before attempting the u turn, I was stationary before the gap was me to check the other side of the road for oncoming traffic. After a few vehicles drove pass, I found that there was a large distance from my vehicle to a number of motorcycles, the exact number of motorcycles and the colour of motorcycle I cannot remember I judged that there was enough time to make the u turn and started to inch before committing to the turn. Towards the end while I was making the turn I felt an impact from the rear of my vehicle and I saw a motorcyclist falling forward on the front-right of my vehicle. I pulled over immediately and alighted the vehicle to see what happened afterwards I found one motorcyclist in a sitting position on the back-right of the vehicle with white motorcycle FBG899M and another motorcyclist in a lying down on stomach position on the front-right of the vehicle with black motorcycle FBG2977X at the road divider, both were conscious. I immediately informed the ambulance by calling 995 then called the police at 999. Afterwards I immediately informed my superiors by calling them.</p>

<p>I SXXXXX0507, ISG DINESH on 040921 at around 1835HRS at Mandalay Rd towards BKF had an accident with two motorcyclists. I was the vehicle commander seated in the front leftside of the vehicle. When we reached the designated U-turn and started to turn in the vehicle. At this point of time I was using my handphone, out of a sudden I heard a loud bang at the back of the SUV and then both realised there was a motorcyclist who hit the SUV full force and fell forward. I straight away assisted the motorcyclist and asked CPL LEO KAI SENG to inform his commanders and call the ambulance. After this I resumed my driving. I would just like to add that although I was using my handphone, I was still giving attention to the TD and the road as well from time to time. While I was assisting the rider of the black bike, I noticed another white bike on the floor with the rider. I then went help him as well and called for the second ambulance.</p> <p>That's all I have to say.</p> <p>Thank you.</p>

**Brief Details:**

On the above mentioned date, time and place, I was making a U-turn along Mandai Road towards BKE and Woodlands Road. I stopped my vehicle inside the U-turn pocket close to a minute.

Before I made the U-turn, I observed a few vehicles from a distance. I made the U-turn as I judged that the vehicle were far from my vehicle. When I completed the U-turn, I was in the centre lane of the three-lane road. At this moment, I heard a thud at the rear of my vehicle. I stopped my vehicle and went down to check and discovered that there were two riders and one of the bikes had skidded into the bushes of the centre divider. The rider of a white motorcycle bearing the plate number FBG888M fell onto the ground, and a black motorcycle FBN2977X was the one that skidded to the bushes and the rider was lying on the front right of my vehicle.

In the recording of the in-vehicle camera, it was shown that after the collision, the black motorcycle and the rider was still still in a normal riding mode and had not fallen. I am not sure if that motor cycle had hit my vehicle or the white motorcycle. My camera never show the white motorcycle hitting onto my vehicle.

Police and ambulance was at scene as I called them. Both the riders were conveyed to Khoo Teck Phuat hospital and the traffic police gave me a case card J20210904/0124.

I was advised to lodge a police report and to contact IO Rashidah.

I am not injured and did not consult any doctor.

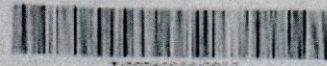

I wish to add the names of the 3 passengers in my vehicle.

2. CPL Htet Myat Kyaw, 066D (rear passenger/Ammo escort)
