Hi Hi

My client has altogether 7 vehicles damaged in a fire. 4 insured with MSFCI on comprehensive basis and 3 on TP basis.

After paying the 4 vehicles, MSFCI sought recovery from the party who caused the fire, LKK are the surveyors and also the party who help provide indicative cost of the market value for those 4 trucks.

My client has 3 other vehicles which they now also intend to seek recovery on their own. I am helping them to do that but I cannot assess market value of their vehicles at the time of the loss. can check with LKK if they can help to give an estimate of the market value.

If LKK need to charge just to give an estimate of market value at the time of loss, then I need to tell my client first hor. The reason why I asked you to ask LKK to help is because I want to be consistent in valuation since LKK is the one who did the valuation for the 4 vehicles insured with MSFCI. If it is too much of a trouble, and LKK cannot do that, then just let me know, I will go try an alternative surveyor lah.

The vehicle numbers are as below

XB8565P
