Brief Details.

On 6/12/2021 at about 2130hrs, I am driving vehicle (SJG3800H, Toyota Altis, Silver Colour) along Outram Road towards Chin Swee Road at the cross junction of Outram Road X CTE. There are two turn right lane, and I was attempting to make a right turn. The traffic light shows green arrow, so I proceeded to make a right turn. However, one green colour taxi (SHB1232K) did not conform to the traffic light and beat the red light. The taxi (SHB1232K) dashes across the road and collided head-on into my vehicle. The impact causes the taxi (SHB1232K) to swerve towards the direction I was heading to. Hence, both our vehicle was facing the same direction after the accident occurred. Additionally, the lorry (YP754C) that was travelling behind my vehicle (SJG3800H) also collided head-to-rear into my vehicle after the taxi (SHB1232K) collided head-on into my vehicle. Due to the great impact of the accident, the air bag was deployed. I was alone in the vehicle when the accident occurred. After the accident, I managed to alight from the vehicle myself. I took photos of the damages of my vehicle. I observed that the accident had caused damages to my front windscreen, front bumper, front bonnet, left portion, rear bumper, rear right portion and front left wheel of the vehicle. I also observed that another vehicle (SMZ6891P) also collided head-to-rear into the lorry (YP754C). Both traffic police and ambulance were activated. I was conveyed to Singapore General Hospital in a conscious condition. I suffered giddiness and felt pain on my neck area and left leg. I was given 7 days of medical leaves. The taxi (SHB1232K)'s passenger was also conveyed to the hospital by the ambulance. I wish to state that I have an in-car CCTV footage of the accident. I also have photos of the vehicle
