CIRCUMSTANCES OF ACCIDENT

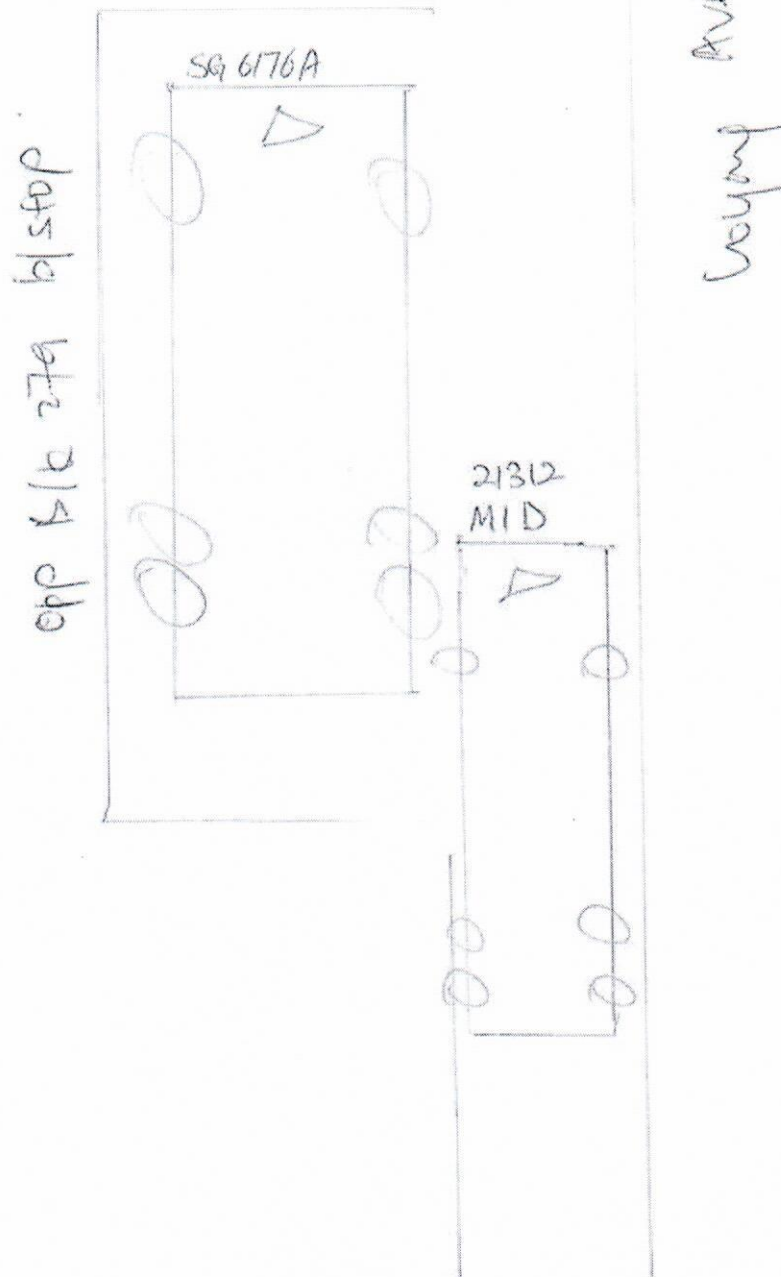

On the above mentioned date and time along Loyang avenue, at the bus stop "Loyang Ave, Opp Blk 275 (B/S:98029)", I was driving bus service number 59 bearing bus plate number SG6176A. When I was about to enter the said bus stop, a Lorry bearing the plate number 21312MID brushed past my right rear CCTV at speed of around 30km/h and my right rear CCTV broke off. I wish to add that there were also very minor scratches at the right rear of my bus. After which, the driver of the lorry approached me and I managed to furnish his particulars (PTE Matthew Chua , 94513276). I would like to add that at that point in time, there were around 7-8 passengers and no one was injured, including myself and the lorry driver. No police or ambulance attended to us. I am lodging this report as my company instructed me to do so.

SURVEY REPORT
Annex C: Conclusion

ASSESSOR'S REPORT

At the place of inspection, we saw this vehicle sustained right top portion damage.

The damages seen during our survey were the top right rear camera missing and surrounding areas. A fuller detailed description of the damages is in Annex A of this survey report.

We examined all the right top portion damages and assessed they were from a collision or impact nature.

By cross-referencing with the e-filed report, we were satisfied the damages were consistent with the circumstances of accident as detailed.

ASSESSOR'S RECOMMENDATION

Sbs Transit Ltd - (Amk Bus Depot) estimated a repair cost of S\$630.00. We adjusted it to S\$630.00 on a part-by-part basis.

Accordingly, we recommend repairs to this vehicle be carried out on a part-by-part basis at S\$630.00.

The repairs would require a period of 2 working days.

We submit our survey report for your kind attention and would add the survey was carried out to the best of our ability, knowledge and experience.
