Hi,

In view that OIV was parked stationary and proximate cause being SMJ2407R. Please assist to reject claim and to advise to redirect against insurer of SMJ2407R.

Also, out of curiosity, both insured's and third party's sketch plan and accident statement seem similar, are they written by same personnel in reporting centre?

Thank you.

Regards,

Dear Ming Yao,

We refer the above matter.

Based on both parties report, total 4 vehicles involved in the accident.
Our insured vehicle(SJD6621D) was parked in front of third party vehicle(SMU4145A). The vehicle SMJ2407R lost control hit onto SJB1953P and our insured vehicle, the impact caused our insured vehicle to hit third party vehicle.

We are of the view that our insured is not liable for the claim from third party as our insured was parked without driver indie the car and hit by SMJ2407R. Third party should claim against the insurer of SMJ2407R.

As such, we seek your approval to reject third party claim and redirect the claim to SMJ2407R.

For your approval/comments/instruction.

Best Regards,
