<p>I Sxxxx668c 3SG SEAN NG was driving MID 34780 ON 260121 around 1450 HRS along PIE (TUAS) before Jalan bahar exit as a part of ambulance course training. Just before Jalan bahar exit, MID 34780 was on the left most lane and a tripper truck was stopped on the road chevron by a TP. While I was approaching on the right the tripper truck, the top cover of the truck opened up and protruded into my lane which lead to my left front medic cabin dented and scratched. AT that point I was unsure if my vehicle had grazed the truck or not so I asked my trainer ELC Mr. Velmurgan if that was a collision so he replied that there was no issue and told me to carry on. When I stopped to Swap drivers I saw the damage and reported to 2WO lin Guo AN.</p>
