Hi Hsiao Tong,

1. The case officer from LTA is Mr Raja Firman, Senior Enforcement Officer from Vehicle Enforcement Division, Traffic and Road Operations has replied us in formal.
2. XD2788S had been converted from applied for conversion scheme from tipper truck to tanker rigid on 29 July 22 and it is confirmed by LTA that before 29 July 22 itan is a Tipper Truck.
3. Ergo re-check to recheck their historical records of their insured client on the vehicle registration type before 29 July 22.
4. Nevertheless, LTA is the final confirmation of the scheme records and they indeed confirmed that they have stopped XD2788S.
5. For your necessary follow up and do let me know what is their response. Thank you.

Hi Dennis,

At the point of time when our enforcement officers stopped said vehicle for checks, vehicle was registered as tipper truck.

However, on 29/07/2022 the vehicle had applied for conversion scheme from tipper truck to tanker rigid which fit the description of the photos that you have provided.

Thank you.

Dear Mr Firman,

1. Regards to last case that we have reached out to your end after referred by TP side, we have followed up with the insurer (Ergo Insurance) of the given vehicle no **XD2788S**.
2. However, based on the videos provided to your end and the pictures of the vehicle provided by **XD2788S** insurer, it seems to be 2 different vehicle. Based on the video footage that we had provided to TP and

transferred to your end, the vehicle does not look the same with the vehicle picture provided by the insurer of XD2788S. The vehicle in our video is a tipper top sand truck while XD2788S picture is water truck with signal lighting mounting. We have assessed with the insurer personally and confirmed that XD2788S does not match with the vehicle shown in our footage.

3. We will need to seek for your assistance to re-verify again with the LTA Enforcement Team Officer on duty who had stopped a Tipper Top Truck on 6/01/2021 @ 1450hrs /along PIE towards TUAS at Jalan Bahar Exit 36 and Duty Records on the vehicle number that was stopped for routine checks.

4. For your kind assistance please, thank you.

Thank you.

Dear Sir/Mdm,

Thank you for your email.

We wish to inform you that video recorder is available for this matter. Based on MID video footage, the sand truck was stopped by the LTA patrolling officer at chevron lane at Jalan Bahar exit towards Tuas to do an inspection on 26/01/2021. From our view, the sand truck driver seems to be opening the tipper top based on instructions. When the tipper top is opening, it stretched out to the last lane in the expressway resulted a damage to MID34780 when vehicle had passes by. In addition, the sand truck vehicle, XD2788S was identified by LTA patrolling officer.

We are unable to forward the video footage to you due to sensitivity and security issue. However, we could show you the video personally.

Please advise if we are able to arrange a meeting between both parties.

Thank you.

WITHOUT PREJUDICE

Dear Sir/Mdm,

Our insured reported that 'no collision' and he was unaware of any such accident. See enclosed accident report excerpt:

GENERAL INFORMATION OF THE ACCIDENT

Type of Accident	No Collision
Weather Conditions	Clear
Road Surface	Dry

Brief Details.

On 23/06/2022 my company received a insurance letter informing that on the 26/01/2021, when I was driving the company vehicle XD2788S, it was involved in a traffic accident with a vehicle MID34780 along PIE.

I am not sure when and where did the accident took place as I was sending soil from Tou Tuek Road to Neo Tiew Road and no one approached or stopped me to inform me about the accident. I also did not hear any horns at the time.

I am lodging this report as informed by the insurance company. I had previously lodged a report T/20220625/2016 however I discovered that there was an error. The correct date that the letter stated I was in the accident is 26/01/2021 not 26/01/2022.

Please refer to our insured vehicle photo – Kindly advise where and how the accident contact occurred. If you have video evidence, please share with us for review.

We also note that your client's driver statement indicated our insured vehicle was stationary due to stoppage by Traffic Police. Thus our insured could not have caused/contributed to the accident. The vehicle no is also unconfirmed. Your client's driver and passengers did not hear any damage/impact.

Brief Details.

On 26/01/2021 at about 1440hrs, I was on ambulance training driving vehicle MID34780 on the left most lane on PIE towards Tuas. As I drove near Jalan Bahar exit, I noticed that there was a tipper truck which was stopped by a Traffic Police officer on the chevron. When I drove past the tipper truck, the truck top cover opened up and it protruded out into my lane.

Upon reaching my destination, I made a check on my vehicle and discovered there was a dent and some scratches on the top left part of my vehicle. I wish to state that neither me nor my passengers in the vehicle heard or felt any collision with the tipper truck top cover. I checked the in-vehicle CCTV but was unable to get the tipper truck vehicle number.

Please share with us evidence to show our insured had caused/contributed to the accident so we can review liability.

Thank you.
