**Brief Details.**

On the 14/12/2021 at about 2040hrs, I parked my car SJR9017E at a double yellow line as there wasn't any lot. Everything was intact and nothing was amiss. At 2330hrs, I came back to my car and discovered that my front right car was dented and had a blue paint mark. I suspect this lorry driver GBG214P had hit my vehicle as it is also blue in colour and for that kind of damage, the vehicle has to be of a certain height. The lorry was still parked in front of my car when I called for the police. The lorry rear left had a white paint mark too hence that is why I suspect it is the lorry driver. I took a photo of the lorry using my handphone. There was a car nearby with in-car camera, I left a note with my number on it hoping that the driver could help with the investigation however I did not take note of the car plate number. It was a white Toyota wish. I have no dispute anyone. I have both front and back in car camera however it is only recording when the engine is on. This is the first time such incident happened.

Brief Details.

On the stated date and time, I park my car (SJR9017E) along the double yellow line hence there's no parking lot. After awhile a lorry (GBG214P) was trying to park in-front of me reversing in and out by 3 point turn. I heard a loud sound so i walk back to my car and i saw the lorry driver hit my car while reversing. The driver left before i could reach my car, i contacted his company to get his details. We met up and he ask for a private settlement but now he reported to insurance that he dont even know this accident took place. He even verbally agree to private settle with 2 times installment on 7/1/2022 and 22/1/2022.
