Describe Circumstances of the Accident

At approx 6.05 pm on 3/1/2021, I was on Tan Quee Lan St (1 way street) going into a vacant parking lot; I was slowly reversing into the lot with my emergency light flickering when a oncoming car made ~~contact~~ contact with my right side front while he was driving straight but very closed to my car. His car front passenger door was slightly dented. No passengers was in his private hire car at that time but as the road was a wide one-way street, the contact could have been avoided if he hadn't driven so close to my vehicle as he had lots of space on the right side of the street. He did not sound his horn or slow down his vehicle.
