CONTINUATION OF REPORT

Brief Details.

On 07/01/2022 at about 0100hrs, I was at Blk 472C Fernvale Street to send my friend home. I was driving a rented car with registration SLH4411L Toyota Aqua White. I rented the car from Tribecar on 06/01/2022 from 2330hrs. After I alighted my friend, I wanted to park my car into the parking lot. However there is a van with registration number GBK3417E Silver Nissan that came into the open space carpark. I stopped my car and wanted to let him drive off first before I parked. To my surprise, the van swerved into my direction and hit the right side of my car. The right bumper was dented and my front right driver's door was dented and unable to open.

He stopped the van by the side and my friend went over to speak to him. He said that he did not see my car there and only realise after it hit me. At that point both vehicle headlights was switch on. I have been having lower back pain for the past 4 days. Due to the impact of the accident, my tailbone is having more intense pain now and I will be going for a medical check later on. I have an in-vehicle camera in the car but I do not know how to operate it. I have inform Tribecar on this matter and was advised to make a Police report. I will be sending the car back to the company later on. There was no Police and ambulance at scene.

He only told me that his name is Ash and that his contact no. is 82227457 and the last 3 digit of his NRIC is 766B.
