Dear Mr Alfred,

We refer to your below email.

We were informed by our insured that they did not file claim against third party as there is no damage incurred from this accident. The damage sustained on the left front portion was old damage.

Please be informed that third party disagreed on our rejection and submitted a copy of LTA enquiry to show that insured vehicle cannot be used on public road on 15 Jan 2022(DOA). Third party insist to pursue the claim against our insured. Attached is a copy of third party video for your easy reference.

In term of cause of collision, the video shows that third party changed lane and collided with our insured. We are of the view that third party should exercise caution while changing lane.

Kindly advise if we shall maintain rejection or else advise further instruction.

Thank you.

Based on insured video footage, it shows that third party change lane from left to right and collided with our insured vehicle. We are of the view that third party is more liable as he should keep in the proper lane and change lane only when it is safe.
