Describe Circumstances of the Accident

A two way road, I was in my lane on the right side while the bus was on the left lane. I suppose there was something on the left side so the bus was to move right abit. That made the bus hit my left side of the car by coming into my lane. I honk and try to move to the extreme right to avoid any collision but bus carried on coming to my lane making it a hit. I went to the next bus stop to stop and inform the bus captain and he claimed he did not realised was he hit. He pass me his pass to and told me to do a police reporting. We look through the damage and seem to find 4 damages. The left mirror, left fender, left rear door and lower part of the door. The left door and left mirror was severly damage.
